INFORMATION SERVICES GROUP ANNOUNCES TPI NAMED TOP FULL SERVICE OUTSOURCING ADVISOR FOR THE SECOND CONSECUTIVE YEAR

Well Known Black Book of Outsourcing Makes Selection

STAMFORD, Conn., March 2, 2009 – Information Services Group, Inc. (ISG) (NASDAQ: III, IIIIU, IIIIW), an industry-leading, information-based services company, today announced that TPI, the largest sourcing data and advisory firm in the world and a unit of ISG, has been ranked the top full service outsourcing advisor by The Black Book of Outsourcing's 2009 "Top Outsourcing Advisors" list for the second consecutive year.

TPI was also named number one for exceptional client experiences and also for two full service advisory categories: Information Technology Outsourcing (ITO) and Human Resources Outsourcing (HRO). The client survey evaluated organizations by 20 advisor-unique Key Performance Indicators (KPIs) through an assessment of more than 1,000 contracts held by 420 of the top corporations and midsize organizations globally with outsourcing relationships. TPI ranked #1 in categories such as "Level of Advisor Outsourcing Experience," "Client Outcomes and Improvements" and "Return-On-Investment, Engagement Deliverables & Quality."

"We would like to join the outsourcing community in congratulating TPI once again for its superior overall client service," said Doug Brown, Managing Partner, Brown-Wilson Group and Co-Author of *The Black Book of Outsourcing*. "TPI's recognition as a top outsourcing advisor demonstrates their unrivaled experience and commitment to offering clients unique insight that allows them to drive their business forward."

The Black Book surveys more than 2,500 outsourcing decision makers, users and C-level officers to gain a buy-side decision maker perspective on the global services industry.

"We are pleased to be recognized once again by our clients and industry decision-makers as the leading full service outsourcing advisor," said Michael P. Connors, Chairman and Chief Executive Officer of ISG and TPI. "With this global economic crisis, clients are turning once again to TPI to help them improve their business operations with cost, quality and performance improvements."

The fifth annual Black Book survey was distributed electronically to clients, buyers, contractors and users world-wide, and is available at www.theblackbookofoutsourcing.com. The research mission of the survey was to offer balanced, objective and unbiased results to help organizations maximize significance, increase speed-to-results, and mitigate risk in outsourcing/sourcing initiatives. It is designed to give users the ability to achieve and sustain significant improvements in their outsourcing decisions by aligning client experience research and strategies.

About Information Services Group, Inc.

Information Services Group, Inc. (ISG) (NASDAQ:III, IIIIU, IIIIW) was founded in 2006 to build an industry-leading, high-growth, information-based services company by acquiring and growing businesses in advisory, data, business and media information services. In November 2007, the company acquired TPI, the largest independent sourcing advisory firm in the world.
