## **ISG Business Unit Tops List of ‘World’s Best Outsourcing Advisors’**

TPI ranked no. 1 by International Association of Outsourcing Professionals

**STAMFORD, Conn., April 19, 2010** — Information Services Group, Inc. (ISG) (NASDAQ:III), an industry-leading information-based services company, announced that its business unit TPI was ranked no. 1 in the *2010 Global Outsourcing 100<sup>®</sup>: World’s Best Outsourcing Advisors*, published today by the International Association of Outsourcing Professionals<sup>®</sup> (IAOP<sup>®</sup>).

The rankings of global consultant and related sourcing advisory firms are based on applications received and evaluated by an independent judging panel organized by IAOP, the global, standard-setting organization and advocate for the outsourcing profession.

Each applicant received ratings in eight different categories in an evaluation designed to mirror a typical client’s request-for-proposal process. In the categories of Customer References, Company Recognition and Executive Leadership, TPI received the highest possible score.

“We are delighted to be ranked no. 1 in *The World’s Best Outsourcing Advisors*,” said Michael P. Connors, Chairman and CEO, ISG and TPI. “We thank the IAOP and its distinguished experts for recognizing our leadership in the sourcing advisory industry and the outstanding value we deliver to our clients every day.”

TPI will appear in the May 3 issue of FORTUNE magazine in a special advertising feature produced by IAOP.

“As the economy recovers, partnering with the world’s best outsourcing advisors will be more important than ever,” said IAOP Chairman Michael Corbett and chair of the judges’ panel. “*The World’s Best Outsourcing Advisors* helps companies easily identify those partners that will help them emerge as leaders.”

“Being named to *The World's Best Outsourcing Advisors* is a great recognition, particularly given the strong competition, and TPI should be proud of achieving excellence in outsourcing,” Corbett said.
